## Company Announcement

Totally Cool, Inc. of Owings Mills, Maryland is recalling multiple brands of ice cream products, because they have the potential to be contaminated with *Listeria monocytogenes*, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people,

**Post Until: 12/25/2024**

and others with weakened immune systems. Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain and diarrhea, *Listeria* infection can cause miscarriages and stillbirths among pregnant women.

Products were distributed nationwide, and available in retail locations and direct delivery.

The products included in the recall is:

Product can be identified by comparing the date and plant information on the product. Example photographs of the impacted product are provided below.

No illnesses have been reported to date.

Totally Cool, Inc. has ceased the production and distribution of the affected products due to FDA sampling which discovered the presence of *Listeria monocytogenes*. The company continues its investigation and is taking preventive actions. No other products produced by Totally Cool, Inc. are impacted by this recall.
